PUMPS	WARREN RUPP SANDPIPER* Air-operated diaphragm pumps.	G & L GOULDS* Stainless steel centrifugal pumps. Waste water and sewage submersible pumps and accessories.	WARRENDER / CASTER Mag drive and seal-less process pumps.	• GOULDS TURBINE PUMPS
	ITT A-C* Largest inventory of 2000 series pumps and parts in USA.	LOBEE PUMP CO.* Gear pumps to 26 gpm and liquid ring vacuum pumps.	SEQUENCE 1000* Chemical duty pumps constructed of Noryl® and polypropylene.	• VIKING PUMP INC.
	MP PUMPS INC. Quality centrifugal and self-priming pumps made in Michigan.	CARVER PUMP COMPANY* Horizontal end-suction, vertical and multi-stage high pressure pumps.	MTH PUMPS Regenerative turbine pumps.	• LMI
	PERIFLO Peristaltic hose pumps.	INNOMAG* Innovative mag-drive pumps, superior design and performance.	PRICE PUMP CO. Horizontal and vertical, seal-less and mechanically sealed industrial pumps.	• EBARA
	AQUAVAR Variable speed pumping control by ITT.	LABOUR / TABOR ANSI chemical and self-priming pumps.	PACER Thermoplastic self-priming vertical and horizontal centrifugal pumps.	• PULSAFEEDER
				• HAYNES
				• GUSHER/RUTHMAN
				PUMP REPAIR Service and parts for most brands.
COOLING TOWERS, HEAT EXCHANGERS, & MAKE-UP AIR	BALTIMORE AIRCOIL COMPANY Cooling towers, evaporative condensers, industrial fluid coolers, and thermal storage systems.	WCR Complete plate and frame heat exchanger service, cleaning and aftermarket plates/gaskets.	COLMAC COIL Heating & cooling coils, air-cooled condensers & fluid coolers.	ABSOLUTAIRE, INC. Direct fired make-up air units, made in Michigan.
		ITT Shell and tube heat exchangers.	PAUL MUELLER COMPANY Accu-Therm plate and frame heat exchangers, template coils.	CARBONE LORRAINE Graphite block and shell and tube heat exchangers for highly corrosive duty.
FILTERS & MIXERS	ROSEDALE* Liquid filtration products, made in Michigan.	EATON FILTRATION Formerly Ronningen-Petter filters.	PEP / ARKAL Sand Filters and auto-cleaning strainers.	CLEVELAND-EASTERN MIXERS (EMI) Industrial mixers and agitators.
		FUSION FLUID MIXERS Quality mixers of all types, made in Michigan.		
CHILLERS & BOILERS	YORK Refrigeration technology: packaged centrifugal and screw liquid chillers; condensers; and heating and cooling coils.	CRANE ENVIRONMENTAL Cochrane deaerators, degasifiers and heat recovery equipment.	FULTON BOILER Pulse combustion boilers up to 96% efficiency. Power burner vertical boilers and thermal fluid heaters. Factory packaged "Boiler room on a Skid" assemblies.	PARKER BOILER Packaged steel water tube boilers, high-pressure steam and hot water.
		THERMAL CARE Specialty chillers and cooling towers.		WARE INC. Rental boilers and chillers
RELATED PRODUCTS, ACCESSORIES & SERVICES	SPENCE* Steam traps, pressure reducing valves, control valves.	TRIAD* Butterfly valves, sanitary and general service ball valves with or without actuation.	IN-STOCK PARTS An extensive selection of pump parts is in stock and ready for immediate delivery.	SERVICES Repair service is available for all makes of pumps, as well as heat exchanger plate cleaning and gasketing.
	WARREN CONTROLS Control valves for industry, HVAC and general service.	CRANE ENVIRONMENTAL RO Systems starting at 10 GPM.	FLOWMETERS Blancett, Dynasonics, Flowtech, Hedland and Racine	
HVAC PRODUCTS	<i>The HVAC division of Process Engineering & Equipment Co. also carries a complete line of HVAC systems and components</i>	including chillers, air handling units, cooling towers, heat exchangers, boilers and accessories. Companies represented include:	• YORK • BALTIMORE AIRCOIL COMPANY • PAUL MUELLER COMPANY	• SPENCE • FULTON BOILER • COLMAC COIL • WATERFURNACE
PACKAGED COOLING SYSTEMS	Complete packaged cooling water systems, chilled water systems, and pump tank assemblies. All packages include CAD installation drawings. Packages can be delivered preassembled on skids or as individual components.			

Note: * Items are in stock for immediate delivery.
